WHAT DOES THIS MEAN FOR CURRENT FREE PRODUCERS?

First, don't worry. You can keep using Mogulus the way you always have without any big difference in the way you use Mogulus today. We want to make sure this a smooth transition.

That said, here is what you need to keep in mind:

All FREE channels will now have ads. You will need to purchase a PRO plan in order to remove ads. By placing ads on FREE channels, we can continue offering you all of the features you love about Mogulus, for FREE!

For users that already have ads disabled on existing Free channels, we offer a 2 week grace period before we begin displaying overlay ads on your channels.

Users who want PRO features can finally have them! We've listened to thousands of feature requests in developing Mogulus PRO, and we hope you're as excited about it as we are.
